# WELCOME

## DEAR LUNENBURG,

Welcome to the Lunenburg Parks & Recreation Department! We are excited to be able to provide a variety of opportunities to the community. As the Parks & Recreation Department was formed in the Winter of 2019 and exciting programs were being planned for the Spring of 2020, came unexpected and challenging times. We were able to make adjustments and offer Recreation programs in a whole new way during the Summer, Fall and Winter of 2020. We were also able to open and operate the Town Beach in a safe manner during 2020. We have learned a great deal since last March and are ready to provide you all with as many Recreational opportunities as possible this year.

As we continue to operate under COVID guidelines, and navigate through any changes that may come during the Spring and Summer seasons we will always keep our website up to date with the most accurate information. This brochure highlights many of the great programs being offered this Spring and Summer; however, it does not include all! We are continuously working to add new and exciting programs for all members of the community. You will also notice that many programs do not yet have locations listed, but merely list in person or virtual. We are finalizing all locations and they will be updated on the website. All programs in this brochure are held in Lunenburg or virtually. Any photos in this brochure without masks were photos taken prior to COVID 19, all programs occurring during the COVID 19 pandemic have followed all applicable guidelines and regulations including wearing masks.

Some programs/camps may require additional information such as a specific form to be filled out or reports to be uploaded to your account. This is required to comply with the camp regulations. Some programs may require a questionnaire to be completed as part of COVID guidelines. We do our best to make sure each program lists the required documents, however some additional documents are needed after registration has begun and we will e-mail you the documents needed. Please ensure your e-mail in the system is active. If you have any questions about required /additional document for a program please feel free to e-mail us.

Thank you for your continued support!
